Summary

BBA Finance graduate with an interest in Investment Analysis and knowledge of fundamental and technical analysis of securities. Experienced in analysing market and company information, with practical exposure to business operations, project-data analysis and management reporting. Able to interpret financial and operational data, identify insights and support decision-making using Excel, Power BI and Google Data Studio. Seeking to apply financial-market knowledge and analytical skills in an Investment Analyst or Equity Research role.

Experience

Business Analyst Aug 01, 2026 – Present
Diversified Energy Solutions Pvt Ltd

- Prepare and analyse **Daily Progress Reports (DPR)** and **Weekly Progress Reports (WPR)**, providing project-performance insights to management.
- Conducted **gap analysis** across Planning, Procurement and Finance, identifying data-visibility issues and gaps in project tracking.
- Identified the need for a centralised ERP system to improve project-data tracking, departmental coordination and MIS reporting.
- Support ERP requirements gathering, departmental workflow documentation and evaluation of ERP vendor solutions.

Business Analyst Intern May 08, 2026 – July 31, 2026
Diversified Energy Solutions Pvt Ltd

- Developed an **Automated Dashboard Project** where project data is captured in Google Sheets and integrated to **Google Data Studio (Looker Studio)** for real-time visualization and management insights.
- Studied the infrastructure-sector business model and end-to-end project workflows to understand how project activities and information move across functions.
- Reviewed project details and participation-related data to support project understanding, tracking and performance assessment.

Operations & Logistics Intern May 2025 – June 2025
REALOGIST™

- Spearheaded a vendor expansion initiative, successfully identifying, vetting, and onboarding over 100 new logistics partners.
- Secured a key new client by leading the full engagement cycle, from prospecting and presentation to onboarding.
